

International Business

unleash your potential

If your goal is to become an international business expert, the Bachelor's degree in International Business at TAMK will provide you with an excellent foundation. The aim of the programme is to give you the basic business skills you need, provided in a multicultural environment.

Bachelor's Degree in International Business

Qualification: Bachelor of Business Administration

Extent and duration: 210 ECTS, 3.5 years

Tampere University of Applied Sciences (TAMK)

is one of the largest and most popular higher education institutions in Finland. The degree programmes offered are focused on hands-on practice and rewarding learning experiences. At TAMK you will also benefit from the opportunity to study in a diverse and multidisciplinary environment.

The world of work needs professionals who are internationally networked and have acquired practical tools and understanding of relevant theories. At TAMK you will have an opportunity to create your own career path and update your skillset.

From the beginning of 2019, Tampere University of Applied Sciences and Tampere University will form a new multidisciplinary community in higher education with competitive edges in technology, health and society.

The specialisation options on this programme are Accounting and Finance, Entrepreneurship, Experience Economy and Tourism, Human Resource Management and Leadership, Innovation Management and Business Development, Marketing or Supply Chain Management.

As your studies progress, you will develop your working life skills and competences through hands-on practical work. Exchange studies and practical training are key elements of the programme, and you will benefit from a combination of various of learning methods, such as contact teaching, online studies and team-based assignments. Your final thesis will involve planning, research and scientific reporting.

The International Business programme will open up a wide range of career opportunities for you, with former TAMK graduates working in areas such as supply chain management and project management and as consultants or entrepreneurs.

After graduation, you will be eligible to apply for a Master's degree programme in Finland or abroad.
