From Teacher to a Coach

Coaching is a pedagogical philosophy lead by the idea of dialogue and learning by doing.

TAMK’s Proakatemia has developed and run for over 20 years a highly successful entrepreneurship and business team-learning model, by using innovative coaching techniques. We offer 1 – 4 weeks programme for modern teachers to join the club of Coaches.

1. **Topic 1**
   **From Teacher to a Coach**
   - Coaching in practice
   - How teaching and coaching differ?
   - Opportunities of coaching
   - How to approach coaching in day to day work
   - Theories by
     - Marcial Losada, Kouzes & Posner,
     - Nonaka & Takeuchi

2. **Topic 2**
   **Tools of a Coach**
   - Tools and methods that inspire students
   - What is the significance of the team in coach's point of view?
   - What team learning means and what are the benefits of team learning?
     - What kind of brainstorming techniques to apply in my job as a coach?
     - Theories by William Isaacs
     - Ian Cunningham Belbin

3. **Topic 3**
   **New Ways of Learning**
   - Coaching instead of teaching
   - Reading instead of lectures
   - Feedback instead of grades
   - Active doing instead of passive listening

4. **Topic 4**
   **My Coaching Philosophy**
   - Model of a coaching philosophy
     - What does it mean?
   - How to build your own coaching philosophy
     - What to take with you to everyday work
     - What changed in day to day work
     - What did this journey offer?
