This information sheet illustrates the range of international activities of Tampere University and highlights its strategic objectives for internationalisation.
By 2024, the University aims at achieving the following targets:

- 20% of Master's degree graduates are foreign nationals
- 28% of teaching and research staff are foreign nationals
- 100% rise in the amount of EU funding for research

**Built-in mobility window**
All degree programmes offer a built-in mobility window with selected partners and a selection of courses for full accreditation.

**Sustainable development**
All students learn about sustainable development and the UN Agenda 2030 sustainable development goals.

**Virtual courses**
Teachers organise international virtual courses for making a “global classroom”.
